

National Chung Cheng University  
Department of Economics  
Master Program General Requirements

Modified April 24, 2019

I. Students in the Master program usually graduate in two years. The Master program's minimum length is one academic year and the maximum is four academic years.

II. Course requirements

Students enrolled in the Master program must receive a minimum of 33 credit hours. The aforementioned credit hours exclude the thesis, independent study and undergraduate elective courses. Students should consult the thesis adviser and the department chair before taking courses offered by other departments. The credit hours in related courses offered by other departments would be acknowledged under the joint permission of the thesis adviser and the department chair.

The following five courses are required (3 credit hours each): Microeconomic Theory I, Macroeconomic Theory I, Econometrics I, International Trade I, and International Finance I. Students also need to take two two-credit-hour seminars on international economics. Table 1 presents a complete list of required and elective courses.

Students are suggested to take no more than four required courses every semester.

Each course has a total of 100 points and 70% is considered as a passing grade. Students who fail a course are allowed to retake the course in the following semesters.

III. Proposal Defense Examination

The proposal defense should be open to the public and must be approved by the thesis adviser and a thesis proposal defense committee. The committee members should include the thesis adviser and more than two faculty members or experts in fields related to the thesis. The time span between the proposal defense and the thesis defense should be at least 2 months.

IV. Thesis Defense Examination

Students should inform the department office of their thesis title and adviser two weeks before the starting date of the designated semester they plan to graduate.

Upon applying for the thesis defense examination, students must meet the following requirements: have passed the proposal defense examination; have a satisfactory English

proficiency level (see table 2) and have passed the academic integrity and ethics curriculum.

The starting and ending dates for applying for the dissertation defense examination are marked on the school academic calendar. The application date for a thesis defense examination must precede the thesis defense by at least two weeks.

Among the thesis examination committee members, at least one member along with the adviser should have attended the proposal defense examination.

- I. Graduate students will be granted with a master degree when he or she has passed all the course work, earned a satisfactory thesis defense examination grade and been found to have satisfactory conduct.
- II. Master students who earn excellent grades in their first-year courses can apply for the Ph.D. program.
- III. The master program requirements, including any amendments, should be approved in departmental meetings and sent to the Office of Academic Affairs for future reference.

Table 1 Master Program Curriculum

Required Courses	Course code	Credit hours	Semester offered	Prerequisite
Microeconomic Theory I	5105101	3	Fall (1)	
Macroeconomic Theory I	5105201	3	Fall (1)	
Econometrics I	5105301	3	Fall (1)	
International Trade I	5105401	3	Spring (2)	
International Finance I	5105501	3	Spring (2)	
Seminar on the Topics of International Economics I	5105803	2	Fall (1)	Microeconomic Theory I, Macroeconomic Theory I, Econometrics I
Seminar on the Topics of International Economics II	5105804	2	Spring (2)	
Elective Courses	Course code	Credit hours	Semester offered	Prerequisite
Microeconomic Theory II	5105102	3	Spring (2)	Microeconomic Theory I
Macroeconomic Theory II	5105202	3	Spring (2)	Macroeconomic Theory I
Econometrics II	5105302	3	Spring (2)	Econometrics I
International Trade II	5105402	3	Fall (1)	International Trade I
International Finance II	5105502	3	Fall (1)	International Finance I
Topics in Microeconomics	5105104	3	Fall (1)	Microeconomic Theory I
Topics in Macroeconomics	5105204	3	Fall (1)	Macroeconomic Theory I
Mathematical Economics I	5105363	3	Fall (1)	
Mathematical Economics II	5105364	3	Spring (2)	
Game Theory I	5105369	3	Fall (1)	
Game Theory II	5105368	3	Spring (2)	
Industrial Organization I	5105161	3	Spring (2)	
Industrial Organization II	5105162	3	Fall (1)	
Industrial Organization III	5105163	3	Fall (1)	
Development Economics I	5105601	3	Spring (2)	
Development Economics II	5105602	3	Fall (1)	
Development Economics III	5105603	3	Spring (2)	
Topics in the Economy of Mainland China I	5105821	3	Spring (2)	
Topics in the Economy of Mainland China II	5105822	3	Fall (1)	
International Political Economy	5105380	3	Fall (1)	

Elective Courses	Course code	Credit hours	Semester offered	Prerequisite
Public Economics	5105604	3	Spring (2)	
International Trade III	5105403	3	Spring (2)	Passing grades in International Trade I and Econometrics I
International Trade IV	5105404	3	Spring (2)	A passing grade in International Trade I
International Finance III	5105503	3	Spring (2)	Passing grades in International Finance I and Econometrics I
International Finance IV	5105504	3	Spring (2)	A passing grade in International Finance I
Topics in Monetary Theory I	5105241	3	Spring (2)	
Topics in Monetary Theory II	5105242	3	Fall (1)	
Topics in Monetary Theory III	5105243	3	Fall (1)	
Financial Economics I	5105641	3	Spring (2)	
Financial Economics II		3	Spring (2)	
Financial Economics III		3	Spring (2)	
Financial Econometrics	5105315	3	Fall (1)	Econometrics I
International Financial Market	5105510	3	Spring (2)	Available to junior and senior undergraduate students.
Microeconometrics I	5105311	3	Spring (2)	Econometrics I
Microeconometrics II	5105312	3	Fall (1)	Econometrics I
Empirical Microeconomics	5105701	3	Fall (1)	Available to junior and senior undergraduate students.
Macroeconometrics	5105320	3	Spring (2)	Econometrics I
Applications of Macroeconometrics	5105325	3	Fall (1)	Econometrics I
Topics in Econometrics	5105862	3	Fall (1)	Econometrics I and Econometrics II
Seminar on the Topics of Finance and Economics	510863	3	Fall (1)	Available to junior and senior undergraduate students.
Seminar on the Topics of Economic Policy	510864	3	Spring (2)	
Topics in Trade and Foreign Investment	510865	3	Spring (2)	Available to junior and senior undergraduate students.

Table 2 Master Program English Proficiency Requirements

Option 1: Meeting the minimum requirements of one of the following certified English tests	
Category	Minimum Requirement
TOEFL ITP	527
TOEFL-CBT	180
TOEFL-iBT	65
GEPT	High-intermediate Level
TOEIC	650
IELTS	6.0
FLPT	195
BULATS	ALTE Level 3
Cambridge Main Suite	First Certificate in English (FCE)

Option 2: First-year graduate students should report their TOEIC scores to the department office after their first semester in the master program. Students who receive a TOEIC score below 650 will take core English courses offered by the Applied Language Studies (Certificate Program) in the following semester. Those whose TOEIC score is above 550 but below 650 will take one core course, and those whose score is below 550 will take two core courses. An English proficiency requirement is met when students earn passing grades in their core courses offered by the Applied Language Studies (Certificate Program).
